

LANDMARK DISTRICT

Discover the Pulse of Kelowna's Dynamic Business Community

THE LANDMARK DISTRICT

More than just a workplace, the Landmark District is a hub for cultivating success and fostering meaningful connections; a place you can truly make your own. Geographically located in the "Centre of Kelowna" at Hwy 97 and Kirschner, the District celebrates our thriving community with over one million square feet of commercial office and close to 50,000 square feet of vibrant storefront retail. Established in 1994, Landmark District has evolved into a

commercial campus environment on the cusp of a broader masterplan vision to create a complete community; a shared vision that harmoniously integrates work, life, and leisure, making it easier to live, work, and play within a vibrant, interconnected neighbourhood. This purposeful evolution of Landmark District builds on the foundations of our success; the offer of a rich, fulfilling lifestyle where prosperity, relationships, and a sense of belonging flourish.

In the Heart of Kelowna

Landmark District, as part of the Capri Landmark Urban Centre, is identified in the City of Kelowna's Centre Plan as a major employment hub, supporting job creation and economic growth in the region. With the largest concentration of

Class A commercial office space in the region, Landmark District is Kelowna's regional business centre, accommodating a broad range of employment uses in a commercial campus setting, located in the heart of the City.

A STORY OF TRANSFORMATION

Building on a Legacy

Stober Group's story began in 1962 when a visionary builder, Al Stober, laid a foundation for growth in the vibrant Okanagan that blossomed over six decades into the development and construction of Stober Group communities throughout the region. From its inception as a construction company, Stober Group established itself as a leading community builder providing over one million square feet of commercial space and more than 1,200 residential rental homes under our management.

The Stober family legacy now flourishes under the guidance of the second generation, Carolyn and Ken Stober. Their ethos, deeply rooted in stewardship, fuels our commitment to responsible growth in the Okanagan. Our core mission remains unchanged: to enrich the lives of those who find their homes and workplaces within the Stober Group of communities.

As we expand our endeavours to include meaningful placemaking and thoughtful strategies that put people at the centre of everything we do, we honour the roots of our founder's legacy and continue our mission of community building and creating local prosperity for all.
